***We're working hard every day to provide a great customer experience. Come check out our casual upscale menu and fun atmosphere. Here's what a few recent guests had to say...***

*My husband and I are complete foodies and this may have been the best two entrees we've ever had! We are not from around here but we will definitely make the trip back across the river for this one! You have to try the bruschetta petite filet!*

***Trisha and Zang Wolf***

*The menu has expanded and changed a bit since the last time I came, but it's all for the better...The service and staff is amazing.*

***Katie Medlock***

*Went again tonight and the bartenders never disappoint! Great atmosphere, great drinks, great food and amazing times!!*

*Thank you so much for showing customer service isn't dead!*

***Lisa Barnett Ellis***

*Everything we had was so delicious. Definitely will be returning for the petite filet. The best we ever had. Yummy!*
